Life at Beach House

Home is more than an address; it's a feeling. Home means having the freedom to do whatever you choose, while feeling safe and secure. Home means having your favorite things around you—photographs of people you love, books and mementos you cherish, and chocolate ice cream in the freezer. It's the comfort of being in your own space and the freedom to simply be yourself.

We are proud to offer 24/7 care so our residents always feel safe and comfortable, no matter when the need for care arises. If you prefer to see your own doctor, we make it easy for them to visit you right in the comfort of your own home at ***Beach House***.

Memory Care

By creating meaningful moments in life is something we all strive to achieve, it can be a challenge for those who suffer from memory loss. That is why **Beach House** has developed a proven recipe for success. The basic steps of our Memory Care are; engaging the 5 senses, which stir positive memories from the residents past, foster emotional connections with others, encourage self-expression and meet the residents at the point they are experiencing, lessen the anxiety and irritability that memory loss may bring, facilitate those with memory loss to feel more engaged with life, and communicating in calm and peacefulness manner with others. Knowing that it is not just that simple and each resident is unique, our care team is specially trained to ensure maximum outcomes with every resident.

Beach House Testimonials

We'd love to go on about all the ways **Beach House** Assisted Living can accommodate and cater to you, but the residents and families do it so much better! Read all the great things our family has to say about us below! Reviews are very important to us and are the best way to let others know if our team has provided you with a great experience.

"Beach House Assisted Living is a vacation spot for my 88 and 90-year old parents. No cooking, no cleaning, no wash, 24/7 staff, beautiful place with beautiful people. My parents look forward to exercise and Bingo and all the activities they can fit in a day. The nursing staff and aids are important in my parents' life. There are so many wonderful people to name that I will just tell you that 98% of these people are among my parents' favorite. These are the people that care for them as if I were there. These people start their day and set them up for a successful, healthy day. I thank God for Beach House Assisted Living. My parents are in a beautiful place."

- Sue Rorer ★★★★★

"In a time where it is often easy and commonplace to place blame and fault with nursing homes and assisted care facilities in our Country, I wanted to be the one to shine a very positive light on Beach House and its wonderful staff. Thank you, with all my heart, for everything that you did for my Mom and me. Your kindness and love will never be forgotten."

- Juliana Taylor Weaver ★★★★★

"I was totally impressed the moment I walked in the front door! The lobby looks like a Currier and Ives Christmas picture. Vanetta Brinson, Director of First Impressions, made me feel like a guest in her own home. I'll be coming back, again, for sure!"
